“

"In our world, community means helping each other whenever possible. That's why we were delighted to support the fantastic ALASCA Summit in 2025."

Matthias Haag

“

"The ALASCA Summit is unique because it provides a forum for technical exchange on key topics related to open source-based cloud technologies. I have seen how new ideas and projects have emerged here, how specialist knowledge has been deepened, and how the community has grown closer together. We are very happy to continue supporting this."

“

"ALASCA made an impressive career in its short lifetime. Its a big and impactful community with very relevant projects. The Summit is a highlight event in the year providing good vibes and lots of passion through and through, as well as a great mix of knowledge exchange and networking. And its a pleasure to sponsor this."
